

LAZIO LIGHTING 2017-10

**LAZIO LIGHTING**  
2017-10

Lazio Lighting is Lighting & Electrical company, is an excellent leader in the lighting industry in Italy, specialized in developing, producing and selling the spot light, down light, LED spot light, LED down light, Wall Lights, Ceiling mounted lights, Chandeliers, Lamps, Crystal Chandeliers and LED light source.

## BRIEF INTRODUCTION

Lazio, situated in Italy, is a worldwide leader in the production of professional lighting fittings. Its production is absolutely Made in Italy and covers the residential and architectural fields. It is able to give lighting solutions suitable for any outdoor or indoor demands.

Lazio offers its customers high level skills and know-how, besides a complete range of products and accessories which are the ideal answer to different use or applications necessities. Lazio is able to produce every day, thanks to constant investments in automated. Furthermore, it is one of the three biggest producers of lighting product worldwide.

Lazio grants all the advantages of an industrial and commercial organization able to help the customers starting from the lighting projects to the after-sales service.

The products are the result of a constant research, of functionality and computer engineering studies for any single piece. A quality present in the whole production cycle: from the materials choice and the design studies made by the Design Office from the photometric data of the fittings thanks to the high precision photogoniometer placed in our labs, to the market analysis and to the attention to the Customer Care of the Marketing and Sales Departments. Lazio works with a system of quality control standard, this shows a complete attention to quality and safety both to the customer service and to its employees.
